

Features & FAQ

Office web app + driver phone app for Philippine trucking companies.

For operators, owners, and dispatchers

CasinFreight is fleet software for **your own trucks and your own shippers** — not a public load board. The office runs dispatch, billing, and books on the web. Drivers run seals and e-POD on the phone.

Start free for 1 month (5 trucks, 1 account, 10 trips). New paid signups through **31 December 2026** can lock Founding at **₱899/month** with 5 trucks included.

WHO IT IS FOR

Company types

Philippine trucking and freight operators running linehaul, wingvan, closed van, chassis, and tractor units — typically Luzon / port-to-plant work.

People who log in

Owner, dispatcher, loading staff, billing, fleet manager, and drivers. Helpers / pahinante are on the roster with the truck but do not drive the app.

OFFICE WEB APP — FEATURES

MODULE	WHAT IT DOES
Trip Board	Kanban of loads: Pending → Loaded → In Transit → Delivered → Invoiced, plus On Hold / Cancelled. Search, filter, CSV export.
New Load / Load Calculator	Book a trip with GVWR payload gauge, volume, rate-card rates, fuel surcharge, toll estimate, multi-stop and overweight (RA 8794 cargo kg vs net payload).
Exceptions	Hold or cancel with Philippine ops reasons (gate pass, port congestion, LTO/overweight checkpoint, etc.).
Trip file	Waybill / delivery note, seal, custody signatures, demurrage, accessorials, profitability, status rollback (Owner / GM).
Invoices & Billing	Draft → Send → Paid / Void. 12% VAT + EWT. Proof of payment and BIR 2307. Dual-control void/retract.
Trucks & Fuel	Plate, type, GVWR / tare / CBM, status. Assign a driver and a helper per truck. Diesel logs and km/L.
Drivers & Helpers	Licensed drivers (LTO, restrictions, expiry, app email) and helpers / pahinante assigned to the same truck.
Truck Bans & Hours	MMDA-style windows (EDSA, C5, Makati, and your own). “In effect now” badges at booking.
Rate Card Matrix	Origin → destination × truck type: base rate, toll estimate, lead hours.
Shippers & Clients	Client master: TIN, contacts, billing address, payment terms.
General Ledger	Double-entry books, trial balance, P&L, AR and per-truck costs (fuel, RFID/tolls, wages, PMS).
Owner Dashboard	Active loads, overweight/demurrage flags, collections aging, utilization, rankings.
Roles & permissions	Invite teammates, custom roles, permission matrix, audit log.

MODULE	WHAT IT DOES
Company & backup	TIN/address, invites, CSV/weekly backup, optional evidence folder for BIR/claims copies.

DRIVER PHONE APP — FEATURES

- Sign in with the same email the company invited (must also be on the Driver Roster).
- Sees only assigned open trips (not cancelled or invoiced).
- Camera: seal photo (required), container, cargo.
- Signatures: driver dispatch after seal; warehouse / consignee POD with receiver name.

Helpers are not driver-app users.

PHILIPPINE OPS BUILT IN

- TIN on company and clients; invoices labeled for a VAT-registered hauler.
- 12% VAT and configurable EWT (default 2%); reconcile with BIR 2307 and deposit slips.
- Waybills / delivery notes with seal #, gate pass, plate, driver license, weight/volume, helper name.
- DPWH RA 8794 overweight flag when cargo exceeds net payload (GVWR – tare).
- LTO plates and license restriction codes; PH truck types (4W–14W, wingvan, chassis, tractor).
- Accessorials: fuel surcharge, demurrage, overweight, multi-stop, port wharfage, toll reimbursement, helper crew, overnight parking.
- Timezone for bans and Founding deadline: Asia/Manila.

Tolls are estimates / reimbursements from your rate card — not a live Easytrip or Autosweep pull.

PLANS & PRICING

PLAN	PRICE	TRUCKS	STORAGE	NOTES
Free trial	₱0	5	2 GB	1 month. 1 account, 1 role, 10 trips. Then subscribe to keep writing.
Founding	₱899 / mo year 1	5 included	5 GB	New paid signups through 31 Dec 2026. After year 1: ₱1,599/mo, <i>keep 5 trucks</i> .
List	₱1,599 / mo	2 included	5 GB	For companies that miss the Founding cutoff. Same product as Founding.

- Extra trucks: **₱150 / truck / month** (up to 200 billable).
- Extra photo storage: **₱99 / GB / month**.
- Pay a year up front: **15% off**.
- Pay with GCash, Maya, card, or QR Ph via PayMongo.

FAQ

What is CasinFreight in one sentence?

Software for a Philippine trucking company: office dispatch/billing/ledger on the web, driver e-POD on the phone.

Is this a marketplace where shippers post loads?

No. It is for one fleet and that fleet's clients. Shippers do not get a self-serve portal.

Can we try it before paying?

Yes. Free is a 1-month trial with 5 trucks, 1 login, and 10 trips. After the month, subscribe to keep dispatching.

How do we add a helper on the truck?

Open Drivers & Helpers → add a crew member as Helper / pahinante. Then edit the truck and assign Driver and Helper. New Load fills both from the truck.

Does the helper use the phone app?

No. Only the licensed driver invited as role Driver, with matching roster email, uses the driver app.

How does the driver log in?

Invite them under Company with role Driver, put the same email on the Driver Roster, then they sign in on the CasinFreight Driver app with email and password. There is no Google login.

Do you pull Easytrip / Autosweep automatically?

No. Tolls are rate-card estimates and reimbursements you record. The ledger has a Tolls & RFID account.

Is overweight per axle or DPWH weighbridge math?

Overweight is cargo kg versus that truck's net payload (GVWR minus tare), with RA 8794 messaging. It is not an axle-by-axle calculator.

Does billing handle VAT and EWT?

Yes. 12% VAT and EWT on invoices, plus proof of payment and BIR 2307 reconcile. The general ledger is double-entry.

How many people can log in on Free?

One account and one role (Owner). Subscribe to invite dispatchers, billing, and drivers.

What happens after Founding's first year?

Price becomes ₱1,599/month. You keep the 5-truck allowance. You are not moved to List (List is 2 trucks for new companies after the cutoff).

How do we pay?

In Revenue & plans, choose trucks and monthly or annual, then PayMongo checkout (GCash, Maya, card, QR Ph).

Where do we start?

casinfreight.com — create the company, or join with the invite link from the owner.

CasinFreight is a product of CasinWorks. Prices and caps as of August 2026. Founding eligibility ends 31 December 2026, Asia/Manila. Web: casinfreight.com
